TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Sutton in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Pillsbury Memorial Hall in said Sutton on Tuesday, the fourteenth day of March next, at ten of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation for the same.
3. To see how much money the town will vote to raise and appropriate for payment of aid to persons on public welfare.
4. To see how much money the town will vote to raise and appropriate for the repair of highways and bridges.
5. To see if the town will vote to raise and appropriate the sum of \$438.82 for Town Road Aid, the State to contribute \$1,755.26.

6. To see how much money the town will vote to raise and appropriate for street lighting.

7. To see if the town will vote to raise and appropriate a sum of money beyond that required by law for the maintenance of the Sutton Free Library, or take any action relative thereto.

8. To see how much money the town will vote to raise and appropriate for Old Home Day celebration.

9. To see how much money the town will vote to raise and appropriate for Memorial Day celebration.

10. To see how much money the town will vote to raise and appropriate for the maintenance of the fire department.

11. To see if the town will vote to raise and appropriate a sum of money for the control of White Pine Blister Rust.

12. To see if the town will vote to raise and appropriate a sum of money for the New London hospital to secure extra service.

13. To see if the town will vote to raise and appropriate a sum of money for the Dartmouth-Lake Sunapee Region.

14. To see if the town will vote to allow a discount for the early payment of taxes.

15. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.

16. To bring in your votes for the election of delegates-at-large, alternate delegates-at-large, district delegates and alternate district delegates to the National convention of the Democratic and Republican parties to be held for the purpose of nominating candidates for President and Vice-President of the United States.

17. To see if the town will take any action in regard to the use of the F. E. Nelson trust funds.

18. To see if the town will vote to accept a trust fund for the care of the Abbie Dillingham cemetery lot.

19. To transact any other business that may legally come before said meeting.

Given under our hands and seal, this twenty-fifth day of February, in the year of our Lord nineteen hundred and forty-four.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board of Sutton District:

During the year 1942-1943, the following teachers were employed:

School	Teacher	Training	Yr. Grad.
Sutton Mills	Agnes Dreven	Lowell S. T. C.	1941
North Sutton	Grace Perham	K. T. C.	1934
South Sutton	Robertta Greenly	K. T. C.	1938
Music	Blanche Bailey	K. T. C.	1932

GENERAL STATISTICS

The above table shows that only one day was lost by one school in the district. This was on account of severe weather. The number of pupils registered in the district and the average membership have increased. In other districts of the Supervisory Union the number of pupils has decreased, in some cases as much as 60%. The percent of attendance is good, an improvement over the previous year. The amount of tardiness increased particularly at the South School.

The number of pupils residing in the district and attending public schools was 138 or six more than last year. Of these 102 were enrolled in the schools of the district, 11 in the elementary school at Warner and 25 in the high schools of nearby districts.

The scarcity of teachers is increasing. In June 1943 all the teachers of the district left to secure better positions. It is particularly difficult to find teachers who will take one-room schools. However, we were fortunate in being able to secure the present staff of the district. Next year on account of the conditions due to the war, salaries will be correspondingly higher.

This year school lunches of better quality than those of previous years are being served for the pupils. At North Sutton, through the kindness of Mr. Davis, pasteurized milk is obtained for those who desire it. The material for the lunches is paid for by the Food Distribution of the Federal Government. This agency also pays two cents on each bottle of milk.

Although light lunches such as cocoa or hot soup have for several years been served at the schools the

facilities there for preparing better lunches are very limited. At the South school and the Mills school lunches this year are being prepared at nearby homes. At the Mills the lunch is then carried to the school, but at the South the pupils go to the home of Mrs. Harold Hurd to eat. At the North the food is prepared at the school, and the pupils have milk. We are sure that this program of balanced lunches will pay abundant dividends in the health of the pupils. Although we usually think of the country as a more healthful place to live than the city, results of physical examinations of men for the armed forces show a higher percentage of men from rural sections rejected than from the cities.

For another year we would suggest that the spare rooms at the North and Mills schools be fitted for the preparation of lunches at the school house. The principal addition needed in each is a second-hand range and a sink for dish washing. Although there is no running water in either school, enough could be brought in for lunch purposes. At the South school a plan similar to that now in operation is more feasible. Provision should also be made for hiring the necessary help in preparing the lunches at school. No teacher, even with the help of older pupils, would have time for this. With the arrangements above mentioned and the continued assistance of the FDA the district would be able to provide more adequate lunches for the pupils.

JOHN A. SINCLAIR,

Superintendent of Schools.

REPORT OF SCHOOL BOARD

Financial Report of the Sutton School District for the Fiscal Year Beginning July 1, 1942, Ending June 30, 1943

BALANCE SHEET

Due from town treasurer, July 1, 1942:

Appropriation, 1942	\$7,000.00
Dog tax, 1942	187.69
Interest on school fund	90.00

\$7,277.69

Less overdraft, June 30, 1942 442.84

Total due, July 1, 1942. \$6,834.85

Received from town treasury during year:

Appropriations	\$6,557.16
Dog tax	187.69
Interest on school fund	90.00

\$6,834.85

Having received from the town treasury the exact amount due the schools for the current year, the balance in the hands of the district treasurer represents a surplus, on June 30,, 1943, of \$67.84.

It will be noted that the amount of the overdraft from the town treasury as of June 30, 1942 differs from that given in the previous years report. If reference is made to the town reports for 1939 and 1940 it will be seen that the overdraft from the town as of June 30, 1938 was \$453.07 but that in the school balance sheet for the following year, \$326.86, the amount of the net debt of the school district was taken as the overdraft from the town treasury, the difference being the cash in the hands of the school treasurer, \$126.21. This error has been carried from year to year and the addition of \$126.21 to the overdraft of \$316.63 as given in the 1943 town report gives the correct amount of \$442.84 which appears in this report.

THE DARTMOUTH-LAKE SUNAPEE REGION

The Legislature of 1937 authorized the establishment of six Regions each comprising a group of towns suggested by the State Planning and Development Commission. The Dartmouth-Lake Sunapee Region comprises as this town and 37 others in this section of the state. The Region is incorporated as a non-profit corporation and its affairs are supervised by a group of officers chosen annually. The Region employs a full time secretary who is paid by the state (not by the towns). Thus your Region is a set-up established by law and the matter of whether or not it has sufficient financial support to render real service to your community rests with the voters of the towns. During its existence the Dartmouth-Lake Sunapee Region can point to the following accomplishments. Through the publicity it has issued it has brought visitors to every town, some have established summer homes and others have become permanent residents. It has been instrumental in bringing industries to several towns. It has inaugurated plans that have saved historic landmarks. It has sponsored paying summer attractions. It has been active in bringing about a survey of our mineral resources that has resulted in revenue to many towns and has conducted studies of new agricultural products.

By an appropriation not exceeding 1-100 of 1% of the assessed valuation the Region now asks the support of your town in continuing the program that has brought about the aforementioned results and to institute the following three projects which if carried through must result in added income to each of the 38 towns of the Region. (1) A research of the possibilities of establishing industries that will use as

raw materials, minerals within our area and make a study of the feasibility of the production, processing and sale of several agricultural products that in the past have received but little attention. (2) To cooperate with each of the towns in preparing descriptive pamphlets showing the attractions, natural advantages and resources of the community with the idea of eventually incorporating such material into a book descriptive of the whole Region. (3) To establish a system of Recreation Trails following back highways and little used roads leading to scenic areas and desirable locations in each of the 38 towns in the Region. As it is not deemed proper to devote more space in your Town Report to this subject, details have been omitted, however, letters of inquiry regarding any matter here mentioned will be welcomed and given careful reply. Address, Dartmouth-Lake Sunapee Region, New London, N. H.

To Chairman of Selectmen:

In the interests of producing more food, which is so greatly needed, we are wondering whether you would consider publishing the enclosed announcement in your annual town report—possibly on the outside back cover.

Our extension agents in your county plan to work in each town to help with the food production program, and to see that a chairman is named in each town. If your town has a chairman, you may wish to include his name at the end of the announcement as indicated.

Thanking you for any cooperation which you can give in getting this information to the people in your town, I remain

Sincerely yours,

H. B. STEVENS,

Director.

HOME FOOD PRODUCTION

Patriotism, prudence, and protection of health combine to urge that in 1944 every family produce and preserve for home consumption as much of the family's yearly food supply as possible. Home food production will assure our own food supply, will release more foods for the armed forces and lend-lease, will help meet the national goals, and will relieve transportation, labor and equipment shortages.

To help families with their plans for food production and preservation at home, the University of New Hampshire Extension Service lists the following free bulletins for your use:

Hotbeds and Cold Frames	Ext. Circ. 214
The Home Vegetable Garden	Ext. Circ. 170
